

## **QUALITY POLICY, ENVIRONMENTAL PROTECTION AND INFORMATION SECURITY**

The management of “CMM” company Budva and all employees are committed to continuous improvement of the Integrated Management System in accordance with the requirements of the standards, ISO 9001: 2015, ISO 14001: 2015 and ISO / IEC 27001: 2013.

By establishing and improving an integrated management system, we meet the requirements and expectations of both the client and the owner.

All employees are responsible for the quality of the processes they perform, accepting constant improvements and preventive actions, as a recognizable style of our work.

The basics of IMS policy are:

- Our satisfied customers, because we show the ability and reliability to provide high quality products / services,
- Effective quality management system, according to the requirements of ISO 9001: 2015 and specific quality objectives, with constant improvements,
- Effective management process, from bidding and contracting to the execution of contracts and / or orders,
- Realization of products / services of required and expected quality, which enables increase of placements and competitiveness of our company.
- Striving to reduce total waste as well as eliminate waste that cannot be processed in a way that does not endanger the environment;
- Continuously improving the performance of the environment;
- Carrying out training in the field of environmental protection in order to acquire new knowledge and raise awareness of all employees about the importance of its preservation;
- Establishment of effective communication with all stakeholders and other relevant organizations in order to better exchange information important for the quality, environment and security of information;
- Influencing our suppliers and subcontractors to take environmental action;
- Protecting information regarding integrity, availability and confidentiality;
- Making our integrated management system policy available to the public.

Qualification and motivation for teamwork, in which the experience and skills of each employee are valued and used, is a guarantee that the quality of processes and products / services will be maintained and improved in order to satisfy our clients.
